Intelligent Lighting for Interior Spaces

AIA Course #AB320—1 LU/HSW
IDCEC Course # CC-101326—.1 CEU
USGBC Course # 0090005635 —1 CEU

OBJECTIVES

♦ Recognize the components of an Intelligent Lighting System
♦ Identify indoor lighting control strategies that enhance both building and occupant performance
♦ Specify an Intelligent Lighting system that is Upgradable, Sustainable, and easy to Commission and Modify
♦ Learn to avoid lighting systems that are not upgradable as new technologies emerge.
